Hi Marge,

The Chairman is out of the office today, but I will discuss it with him on Monday and get back to you.

Tara

Tara,

APS is planning to file a new CEC application with an estimated filing date of March 27th. They are looking at holding the hearings on May 18-19, 2009, at a west Phoenix location. The company would like to know if these hearing dates are acceptable to the Chairman and the Line Siting Committee. They also would like to know if the Chairman wants to schedule a pre-filing meeting before the March 27th date. Only ACC Staff are expected to intervene and we will keep them apprised of the schedule.

Let me know the Chairman's preferences and we will proceed accordingly.

Thanks,
Marge

Thank you, I'll bring it up to the Chairman when he gets back. I meant to say pre-filing conference dates-sorry for the confusion! I'll let you know this afternoon if he is requesting a pre-filing meeting, and we'll run the dates in May by the Committee.

Thanks,
Tara

Tara,

We only need to schedule a pre-filing conference if the Chairman wants one. Based on a March 27th application filing date, the following are the best times for us:

March 11
March 12--after 12
March 13
March 16
March 17--before noon
March 19.

The other dates we want to propose to the Chairman and the Committee are the hearing dates of May 18-19, 2009. The pre-hearing conference would be held the week before, and we should know all of the intervenors by then.

Hi Marge,

Do you have any preferred dates coming up that you would like to schedule for the conference? Also, the Chairman has made a change to the Procedural Order:

Any possible interveners should be invited to attend the pre-hearing conference (I know you said that the Commission is the only expected intervener), and a court reporter is required for the conference as well.

Thanks,
Tara

Marge,

The Chairman would like a pre-filing conference to be scheduled. There are some new procedures that he would like to discuss. A court reporter will be needed and someone from the Commission needs to be there along with all other known potential interveners. Those dates are fine with the Chairman's schedule. Have they already been presented to the Commission for conflicts? If so, Susie and I will look at conference room schedules.

Thanks,
Tara

Tara,

Attached please find the draft Notice of Hearing for the APS Bagdad Transmission Line Relocation Project. ACC Staff have reviewed the attached form of notice. They noted that the third sentence in the tour paragraph may be inconsistent with paragraph 14 of the form of procedural order provided by Chairman Foreman at the pre-filing conference. I will forward the Project map to you later this week. Were you able to confirm with the Line Siting Committee that the May 18 and 19 dates are acceptable for the first hearing?

I will get the Docket and Case number to you after we file the application on Monday, March 30th, so that the Chairman can sign the order and we can submit the notice for publication. Let me know if I can help with anything else.

NOTICE OF HEARING

A PUBLIC HEARING WILL BE HELD before the Arizona Power Plant and Transmission Line Siting Committee ("Committee") regarding the Application of Arizona Public Service Company ("APS") for a Certificate of Environmental Compatibility authorizing the Bagdad 115kV Transmission Line Relocation Project ("Project") in Yavapai County, Arizona. The hearing will be held at the Hampton Inn & Suites, 2000 North Litchfield Road, Goodyear, Arizona, 85395, (623) 536-1313, beginning on Monday, May 18, 2009, at 9:30 a.m. and continuing, if necessary, on Tuesday, May 19, 2009, at 9:30 a.m. The hearing will adjourn at approximately 5:00 p.m. Additional hearing days, if necessary, will be noticed on the Arizona Corporation Commission ("ACC") website. The ACC website is www.azcc.gov/AZ_Power_Plant/LineSiting-Calendar.asp. Public comment will be taken at the beginning of each hearing day.

The Committee may conduct a tour of the Project area and the proposed route on a future date. If a tour is conducted, a map and itinerary for the tour will be available at the hearings. Members of the public may follow the Committee in their own private vehicles. During any tour, the Committee will not discuss or deliberate in any manner concerning the Application.

The Project consists of approximately 5 miles of 115kV transmission line to be relocated to approximately 1 mile south of the existing location. A general location map of the Project study area and Applicant's Proposed Route containing references to the route described herein is set forth below.

The Proposed Route originates at an existing capacitor bank station, located 0.5 miles west of the Town of Bagdad in Section 10, Township 14 North, Range 9 West, G&SRB&M. The Proposed Route terminates at an existing mine substation, located 3 miles northwest of the Town of Bagdad in Section 31, Township 15 North, Range 9 West, G&SRB&M. The Applicant requests a 200-foot corridor, 100 feet on either side of the shown centerline.

More complete maps, along with more detailed textual descriptions of the proposed alignment are available in the Application itself. The Application, including detailed maps of the proposed Project, is on file with the Docket Control Office of the Arizona Corporation Commission, 1200 West Washington Street, Suite 108, Phoenix, Arizona 85007. Copies of the Application also are available for inspection at the following location:

- Bagdad Public Library, 100 Main Street, Bagdad, Arizona 86321

Depending on the issues raised and the number of intervenors appearing during the hearing, the Committee may deem it appropriate at some point to recess the hearing to a time and place to be announced during the hearing, or to be determined after the recess. These dates and places will be posted on the ACC website. At the discretion of the Committee, such resumed hearing may be held at a date, time and place designated by the Committee or its Chairman.

NOTE: NOTICE OF SUCH RESUMED HEARING WILL BE GIVEN. PUBLISHED NOTICE OF SUCH RESUMED HEARING IS NOT REQUIRED.

Each county and municipal government and state agency interested in the proposed Project and desiring to become a party to the proceeding, shall, not less than ten (10) days before the date set for hearing, provide the Committee Chairman by filing with the Arizona Corporation Commission, 1200 West Washington, Phoenix, Arizona 85007, a notice of its intent to be a party.

Any domestic, non-profit corporation or association, formed in whole or in part to promote conservation of natural beauty, to protect the environment, personal health or other biological values, to preserve historical sites, to promote consumer interests, to represent commercial and industrial groups or to promote the orderly development of the area in which the Project is to be located and desiring to become a party to the certification proceeding, shall, not less than ten (10) days before the date set for hearing, provide the Committee Chairman by filing with the Arizona Corporation Commission, 1200 West Washington, Phoenix, Arizona 85007, a notice of its intent to be a party.

The Committee or its Chairman, at any time deemed appropriate, may make other persons parties to the proceedings.

Any person may make a limited appearance at the hearing by providing a statement in writing with the Committee Chairman by filing with the Arizona Corporation Commission, 1200 West Washington, Phoenix, Arizona 85007, not less than five (5) days before the date set for hearing. A person making a limited appearance shall not be a party or have the right to present testimony or cross-examine witnesses.

This proceeding is governed by Arizona Revised Statutes Sections 40-360 to 40-360.13 and Arizona Administrative Code Rules R14-3-201 to R14-3-219. The written decision of the Committee shall be submitted to the Arizona Corporation Commission pursuant to Arizona Revised Statutes Section 40-360.07. Any person intending to be a party before the Arizona Corporation Commission must be a party to the certification proceedings before the Committee.

The Chairman has asked that the sentence in the second paragraph of the draft Notice of Hearing beginning with "During any tour..." be deleted and the following sentence be added:

"During any tour, the Committee may hear brief testimony at stops on the tour from one or more witnesses concerning where the stops are located, what is visible at the stops and the relevance of the location and view to the Proposed Route of the transmission line in the Application. No other discussion or deliberation concerning the Application will occur."

I will make this change known to Commission Staff to confirm their approval.

Tara,

APS is fine with the Chairman's change in the tour paragraph; I'm not sure you actually asked this but there it is regardless.

What I really need from you is a Word document with the final text of the Procedural Order. Although we won't get the docket number until Monday when we file, we can submit the text of the order to the newspapers in advance so that they can set up their copy (these are very large notices). The Bagdad paper only publishes on Sunday so we need to get this in their April 4th edition or we miss the 10 day time limit specified in the Line Siting rules. (We will call them with the docket number on Monday after we know the Chairman has signed the order.)

I've attached the map of the transmission line route. I just printed it in black and white and it looks fine. You may have to set it to fit-the-paper when you print; that's what I had to do or it printed way too large.

I think that's it. I have some information on the hotel for the committee members, but I will wait until the application is filed and the order has been sent before we start giving them even more stuff to deal with. Let me know if you need anything else from me.

Thanks,
Marge

Subject: comments on draft generic siting procedural order

CC: "Grant, Michael M." <MMG@gknet.com>, "Campbell, Tom" <TCampbel@lrlaw.com>

As you requested, this email shares some thoughts on the draft generic siting procedural order. These comments may not be exhaustive as suggestions for the draft generic procedural order, so I am including Mike and Tom. They may have comments on these thoughts and the generic draft order as well, before they file their applications and procedural orders are issued in their upcoming siting matters.

Paragraph 6. around Lines 18-20. Is there additional punctuation that would make this clearer. Is the "procedural matters" part relating to all that follows, up to the end of the sentence.

Paragraph 7. This might create an impression that others besides staff and applicant are excluded from comment on the agenda. It might also create an impression that staff is in a role as legal advisor to the committee, because of the OM compliance part of para 7. That does not seem to be an appropriate role for staff since it is a party when it intervenes, and also, it doesn't have the resources. That role seems best suited to OMLET, and it would seem appropriate for OM law compliance matters to be run by OMLET, as well as seeking input from all parties. And, even if an objection or comment is inadvertently overlooked by the parties, it would not seem to preclude an issue being raised under the OM law.

Paragraph 11. line 26. following "Commission", it looks like "Staff" should be inserted.

Paragraph 14. around lines 13 and 14. Members of the public having "reasonable access" may not be consistent with the OM law which appears to require meetings to be open to the public. OMLET may have a view on this that might be helpful in phrasing this. The last part of this paragraph refers to members of the public notifying Commission Staff in the alternative. If Staff is not a party this may be confusing to the public, and even if a party, it would not appear that its role is the same as the applicant here, particularly if staff does not attend a tour which is often the case.

Paragraph 20. It would seem that the Committee makes the decision on the specific wording of the CEC when it votes, so besides typos, it does not appear that there should be disputes on language after the committee make its decision. Maybe this paragraph could be rephrased to clear up any impression that somehow the parties can modify what the committee determined. On the part that refers to objections or suggestions being waived, 40-360.07 would seem to trump, because it provides for requests for review to raise objections after the entry of the siting committee decision.

It is also noted that Mike's and Tom's applications have yet to be filed and procedural orders have not yet been issued. These comments are general and not related to any particular case or order, since the draft procedural order is apparently a generic document.

Marge,

You're not alone in your confusion. To clarify, you do not need the Procedural Order from the Chairman, correct? I will have him sign the Notice of Hearing and docket it on Monday, March 30th. I will also send you a PDF copy with his signature via e-mail the same day. Does that sound right?

Thanks,
Tara

>>> "Haberman, Marjorie" <MHaberman@Irlaw.com> 3/25/2009 5:52 PM >>>
Tara,

Now it is official, I am totally confused by all the e-mail and documents flying about. Mr. Campbell knew exactly what you meant by your e-mail below because he did, indeed, see the Staff's comments on the Procedural Order.

I, however, do not need the Procedural Order for my publication. What I need is the Notice of Hearing, which we exchanged last week. In the spirit of saving time, I made the change the Chairman wanted and replaced the second sentence in the Tour paragraph. I am attaching the revised Notice with only that change from the text everyone reviewed and agreed with previously. This is what needs to get published.

If my reasoning is correct, then we do not need any documents back from you this week, we will send this one to the newspapers. On Monday, however, the Chairman will have to sign this Notice of Hearing after you add in the Docket Number; then you will docket the complete, executed Notice with the ACC. We are publishing the Notice with his conformed signature so we really do need to be sure he signs it on March 30th.

Does this make any sense? Please let me know if I am on the right track and made the right change. I really appreciate your straightening it all out.

Marge

Marge,

The Chairman will likely not be able to send out a final text of the Procedural Order until Friday. He still needs time to sort through the responses he has received. I believe Mr. Campbell was copied on that correspondence. At this time, the Chairman does not believe that there will be many changes, only a few. We hope this is not a major inconvenience for you!

Thanks,
Tara
